

PRESWHAT'SUPDATE

Hello MUG Members!

We are off to good start in 2017 and I'd like to highlight a few key points.

1. **New Board Members** - Michael Harshman is our new *Vice President* and Terri Linker is our new *Secretary*. Judi Hanson has agreed to take on the *Director of Enhancements* for another year and Matt Hugen is stepping in as *Past President*. I am excited to have new blood and well as returning members on the board. We have a great team and are already planning for the Fall Meeting in October. Stay tuned for updates! I'd also like to thank Jim Thompson and Ward McMillen for their past contributions on the MUG board.
2. **Webinars for 2017** have been approved and finalized. I've been working closely with our new VP and glad to report the transition has gone smoothly. He will be sending out the email notifications in a similar fashion as last year.
(2 per session - Save the Date and a Final Reminder)
We have also changed the start time on these to 1:00 PM Central.
3. **New MUG Web Site** - Launched last year before the Fall Meeting it includes a fresh new look to the forums. I encourage members to [check it out](#) and start a few new threads. The original forum site is still available but many of the older posts had become irrelevant. If you have any questions about getting registered contact Billy Ellison at webmaster@monarchuser.com

On a more personal note I'd like to report that my recent medical concerns are behind me. It was a tough road and I continue to recover from my treatments. It's great to be back to work and involved in the MUG again. For those who would like to know more I do have a [Caring Bridge](#) site. "Big Thanks" to those who have already followed my journey. It's been great to have this extended support network.

Dave Grebin - MUG President 2017

We have finalized the webinar schedule with EFI and have a nice assortment of topics this year. EFI has also added a new WebEx page that allows you to see the full schedule and register for multiple sessions at the same time.
